

# LEARNING COMMUNITY

## Listening—Language—Literacy

**OCTOBER 18<sup>TH</sup> AT 7PM VIA ZOOM**

— with ASL and Closed Captioning Available—

Login details and instructions will be sent by email once registered.

### About this online Learning Community event:

To learn a language—be it aural or sign—children must have exposure to language that is rich in quantity and quality. Language nutrition emphasizes the importance of parents, other family members, and educators to talk, interact, read, and engage with their children. This is important for all children, but it is critical for children who are deaf and hard of hearing.

### About the speakers:

- Donna Sorkin, Executive Director of the American Cochlear Implant Alliance
- Dr. Roberta Golinkoff, University of Delaware; Professor of Education, Linguistics, and Psychology
- Dianne Nichols, State of Delaware, Retired Reading Specialist and Current Reading Tutor
